

"Designing for Non-Designers"

A SELF-CHECK QUESTIONNAIRE

REDUCE VISUAL CLUTTER

- ☐ Are there any borders/lines that can be removed or lightened?
- ☐ Are labels abbreviated e.g., "Jan" instead of "January"?
- ☐ Can I reduce label frequency e.g., label *every other* month?
- ☐ Can I round numbers up or down e.g., 40 instead of 40.00?

CURATE COLORS CAREFULLY

- ☐ Are my colors meaningful and/or intentional?
- ☐ Do the colors draw the viewer's eye to the key elements?
- ☐ Can I tell the same story with fewer colors?
- ☐ Is my dashboard color blind friendly?

LEAVE SPACE BETWEEN

- ☐ Do I have "sidewalks" between major visual elements?
- ☐ Is it clear where elements begin and end?
- ☐ Did I have to shrink or squish any elements to fit them in?
- ☐ Can I display the same info in a BAN or filtered view?

CHECK YOUR ALIGNMENT

- ☐ Are header, sub-header, & chart title alignment consistent?
- ☐ Is string text left-aligned or centered ?
- ☐ Are all integers & floating numbers right-aligned?
- ☐ Are major elements centered on one another?

STANDARDIZE TYPEFACE & SIZE

- ☐ Have I confirmed that my selected font is web-safe?
- ☐ Did I use bold for emphasis and italics for notes/data source?
- ☐ Is header, sub-header, & chart title formatting consistent?
- ☐ Does the typeface look the same after publishing?

Good artists copy, great artists steal.
